

This friendly ghost has come to say **BOO!**  
Full of Halloween treats just for you.  
Empty them out onto your nearest table  
Then fill with new treats as soon as you're able.

Go out in the dark, be quiet, be sneaky  
Just be sure your shoes are not squeaky.  
Place the ghost at your friend's front door please.  
Ding the doorbell, run quickly, before anyone sees.

You want this to be a complete surprise!  
Your friend doesn't expect a ghost to arrive.  
In the dark of night as this ghost floats along  
May good Halloween wishes go on and on.
