

12 days of Christmas Passing Game

How to Play

Guests sit in a circle with their gift at the beginning of the game.

The host/hostess explains the rules and officially starts The 12 Days of Christmas Gift Passing Game by reading or starting the song.

On the first = All gifts get passed once to the right.

Proceed by passing once to the right at the beginning of each new verse.

Pass one time to the left every time the song counts down, i.e. 12 Drummers Drumming (pass left), 11 Lords a Leaping (pass left)

The game is over after the final pass to the left And a partridge in a pear tree. If the players end up with their own gift, the host/hostess decides whether the final pass will be one to the right or one to the left.

This game will take a few minutes to play and there will be a lot of fast passing to the left, especially when the song reaches the final verses.
